Description

The complex consists of seven blocks offering studios through 4-bedroom apartments and penthouses.

Finishes include parquet flooring, marble bathrooms and concealed air conditioning — alongside underfloor heating for year-round comfort.
It offers communal swimming pools, a co-working space, a fully equipped gym, a sauna, a kids' room and covered parking for all residents. All blocks share access to the full set of amenities — practical, well-considered spaces that work for different routines and
different kinds of residents.

The area offers easy access to the city centre, leading international schools, business districts, and the Mediterranean coastline.
