Description

The project is distinguished by its contemporary architecture, with sweeping curved balconies, generous terraces and clean horizontal lines shaping its exterior. The architecture has been designed to maximize outdoor living, with large openings connecting the interiors to spacious covered verandas on every level.

It comprises a limited collection of one-, two- and three-bedroom apartments, arranged across four residential floors.

The two exclusive penthouses at Kalli Residence each feature their own private rooftop retreat. Every roof garden includes a private swimming pool, dedicated BBQ and dining area, and a spacious lounge area for relaxing and entertaining.
