Description

The building, will combine oriental and classic motifs, with the Renaissance arches and is completely different from the other front side, which is characterized by eclectic - straight lines.

At the meeting point between them will be round balconies, in an oriental style.

Because the building is on the corner we are able to create two front sides.

The Project will comprise of 35 - one and two bedroom apartments including 4 amazing loft apartments.

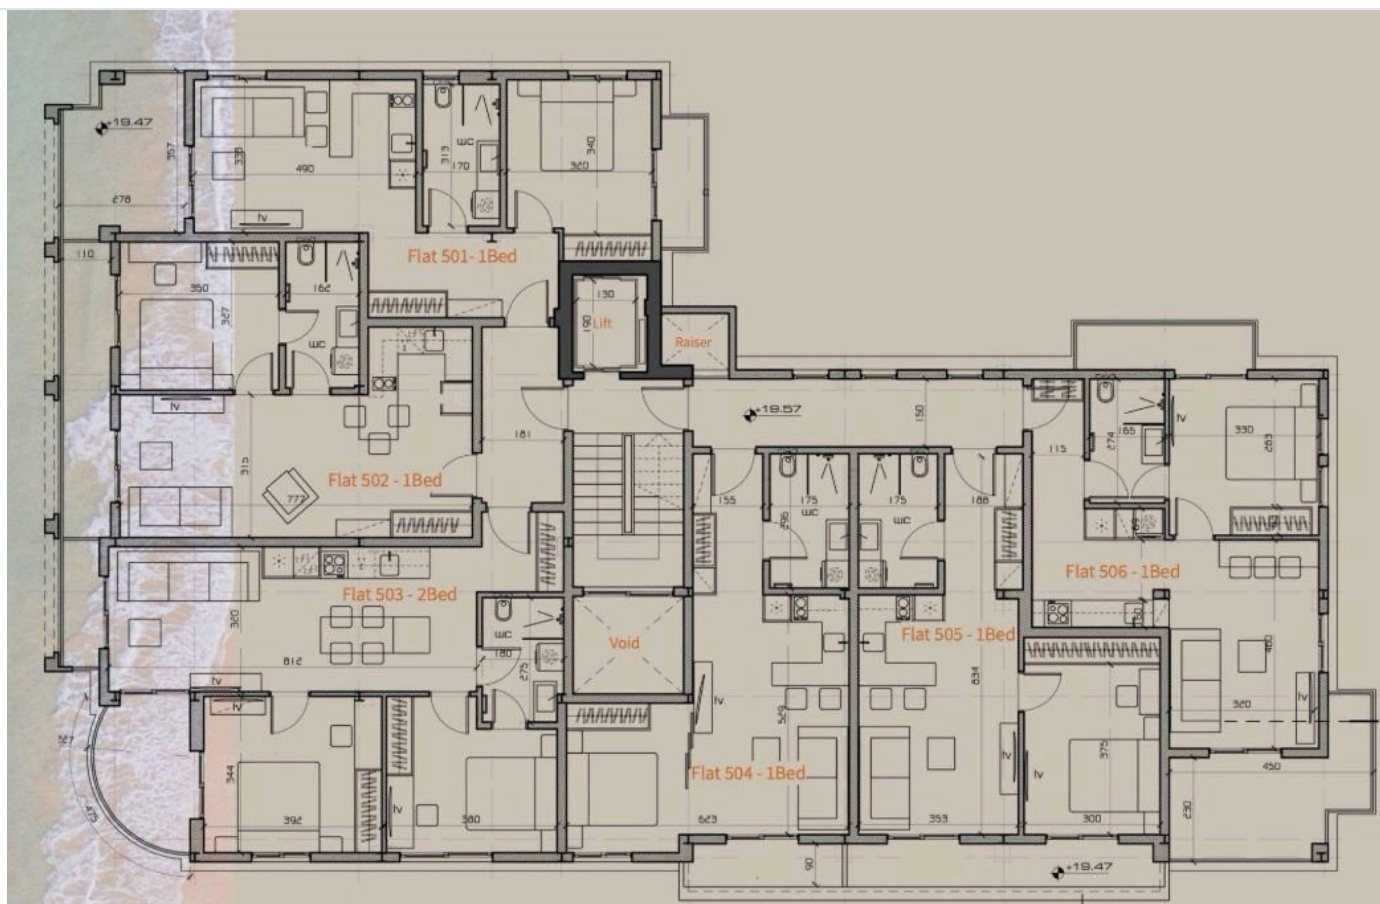

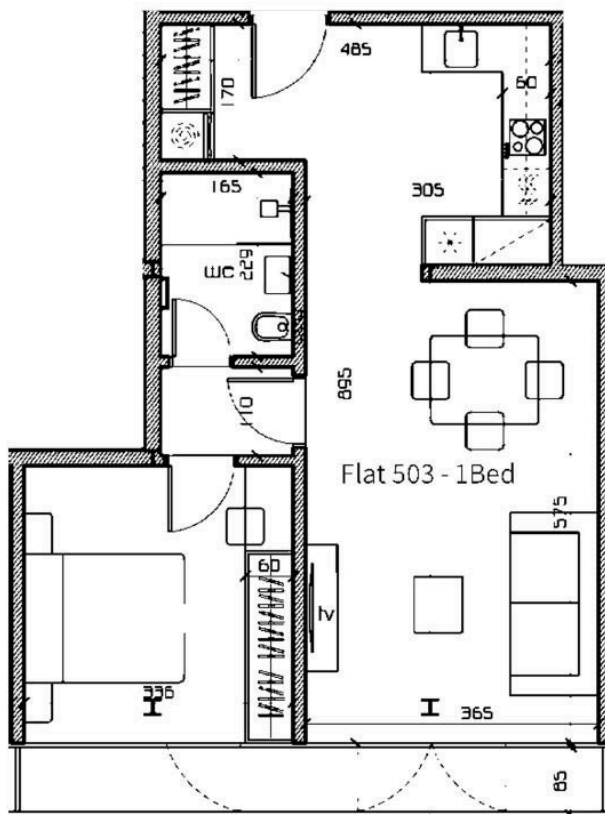

Every apartment in the building will have a balcony and the average internal size of these is 47 sqm.

In addition to the above, it will have a commercial space of 275 sqm on the ground floor, gym and pool with amazing views of the city and the sea.
