Description

Designed so that indoor and outdoor spaces are seamlessly unified, the Townhouses evoke an eclectic version resort living.

The contemporary yet relaxed interiors dovetail seamlessly with the striking architecture offering clean and stylish spaces.

The access positioned on the side of the building and not as usually on the front, intends to take the guest across the experience of the side garden to enter the property in a more central location.

High ceilings allow the warm Mediterranean sunlight to generously fill the relaxed open-plan interiors.

Plentiful openings frame the private gardens.

It's a truly idyllic scene perfectly suited for these ideal homes.
