Description

The Project is a true reflection of modern architecture that achieves a balance between elegant design and effective use of space.

From the sleek and stylish exterior to the optimal design of the interiors, every detail has been carefully thought out to maximize the use of space and to combine comfort, coziness and functionality, all while offering stunning sea views to enjoy.

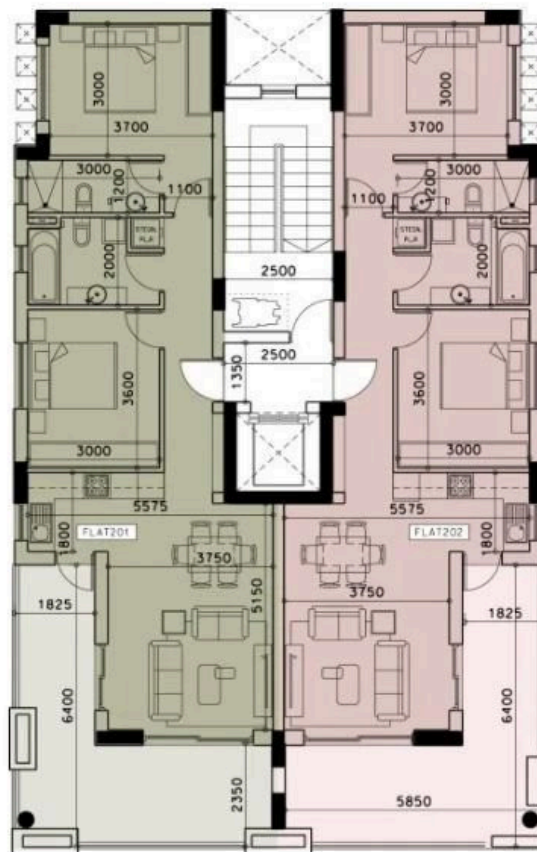

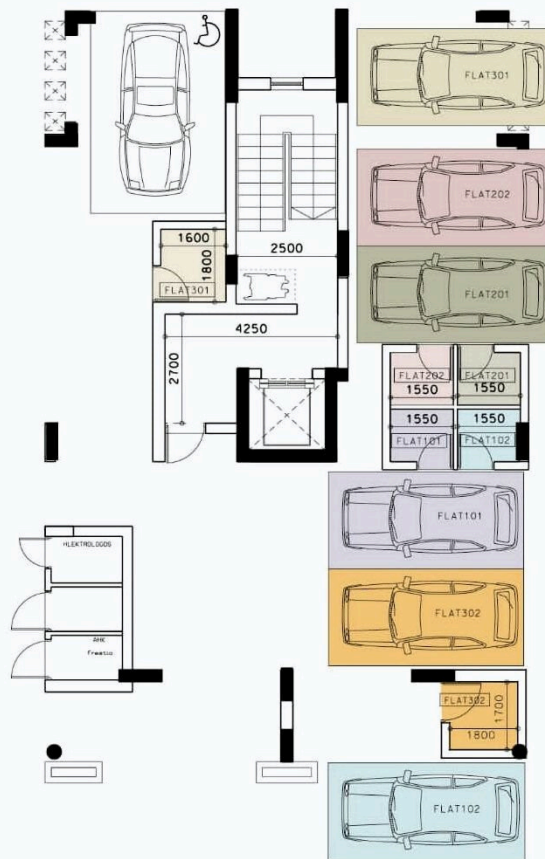

The Building incorporates bioclimatic architecture principles to achieve Class A Energy Performance, in compliance with the national regulatory framework.

It consists of quality materials to ensure that it meets high standards, is durable, cost-effective and sustainable.
